

**LEGAL NOTICE  
STATE OF INDIANA  
INDIANA UTILITY REGULATORY COMMISSION**

Indiana Michigan Power Company (I&M), an Indiana corporation, gives notice that on or before March 27, 2020, it will submit for approval under the Indiana Utility Regulatory Commission's thirty-day filing process an updated Rider D.R.S.1 (Demand Response Service-Emergency) to reflect the Curtailment Demand Credit rates applicable to service from June 1, 2020 through May 31, 2021. The referenced filing will consist of I&M's updates to Rider D.R.S.1. The curtailment demand credit is proposed to stay at the 2019 / 2020 PJM delivery year D.R.S.1 rate, since there are no published auction rates in PJM RPM (Reliability Pricing Model) clearing price and Net Cone price. The new contract termination dates that are shown in the rider will be updated as well as changes to program as put forth by PJM. Customers potentially affected by this filing include all customers registered for service under Rider D.R.S.1 located in the I&M service territory. A decision on the proposed revisions to Rider D.R.S.1 filing is expected from the Indiana Utility Regulatory Commission on or before April 29, 2020.
